- Althusserian tradition, 110
- Asiatic mode of production, 113, 132, 293
- Attitudes, and behavior, 144
biases in measurement, 143
and class consciousness, 143–144
Likert questions, 146
operationalizations, 146–147, 252–254
use in definitional adjudications, 145–146, 166–167, 176–178
(See also, class consciousness; ideology; preferences; mystification)
- Bourgeoisie, 7, 8, 34, 37, 39, 45, 46, 75, 83, 89, 119, 124–125, 149–150, 195, 207, 261, 263, 274 (See also, small employers)
- Bourgeois Revolutions, 82
- Capital*, 6, 8, 16
- Capitalism, 82–83, 87, 90, 107, 117, 122
exploitation, 69, 75
mode of production vs. social formation, 87, 107
stages, 11, 16, 114, 295–296
- Capitalist class (See also, bourgeoisie)
- Class alliances, 92, 124–126, 264–265
- Class capacities, 28, 32, 117
- Class Consciousness, 28, 29, 143–146, 242–250
causal logic, 250–252
and culture, 245
distinguished from nonclass consciousness, 146
effects of biographical variables on, 274–278
effects of class structure on, 260–265
effects of intervening variables on, 268–274
false consciousness, 246, 248
hypotheses concerning, 251–252
and ideology, 145
imputed consciousness, 242–243
measurement problems, 143–144, 252–253
operationalization, 146–147, 253–254
polarization of, 263–264
and subjectivity, 243–244, 281
(See also, attitudes; ideology; preferences; mystification; legitimation; interests)
- Class distributions, 194–197
by economic sector, 202, 204–205, 328–329
by firm size, 208–209
by race, 200–201, 327
by sex, 197–200, 324–327
by state employment, 202, 203, 204–205, 330–331
- Class-Exploitation Correspondence Principle, 66–67
- Class Formation, 6, 14, 28, 123–124, 288–289
definition of, 10
- Class identification, 147, 167, 168, 188, 262
- Class interests, 28, 36, 43, 52, 62, 87, 90, 96, 112, 120, 124, 125, 131, 145, 246, 248–249, 279
contrasted to capacities, 28, 117
and domination, 56
and exploitation, 36, 75
objectivity of interests, 28, 36, 60, 77, 108, 248–251, 281
- Class structure, and class consciousness, 246, 261–265
and class formation, 27–31, 123–124
definition of, 9–10
distributions, 194–197, 197–209
explaining variations in, 210–225
gradational concepts, 34, 59, 60
Marx's views, 6–7
operationalizations, 44, 49, 148–157, 303–317
polarization, 7, 38–39
taxonomies of class definitions, 299–300
- Class struggle, 27, 28, 116, 117, 223, 224, 246
alternative definitions, 32–33
and revolutionary transformation, 117, 120
- Class trajectory, 185–186, 191, 274–277 (See also mobility)
- Communism, 71, 86
- Communist Manifesto*, 8
- Comparative Project on Class Structure and Class Consciousness, 48, 61, 141
Questionnaire items, 304–307
Sample, 159
- Concepts, 20–24, 292–302
adjudication, 22–23, 137–140
concept Formation, 20–24, 292–302
definitions, 22, 137
dogmatism, 23, 58
ecclecticism, 23
empiricism, 22, 58
scientific status of, 20, 22, 58
theoreticism, 21
(See also, adjudication of definitional disputes)
- Conjuncture, 11, 17
- Contradictions, 43, 52
- Contradictory locations within class relations, 42–57
definition, 43
development of concept, 42–51
and exploitation-centered class concept, 87
problems with concept, 51–57
(See also, class alliances; middle classes)
- Control, 46, 47, 51
levels of, 46, 61
- Critique of the Gotha Program*, 71
- Cultural Capital, 41, 106
- Culture, 245
- Decomposition of Differences in Class Structure, 211–225
by authority and credentials, 217–222
by sector, 213–216
by state employment, 216–217
interpretations, 222–225
procedure, 211–213
- Democracy, 80, 84, 102, 117, 122, 287–288
- Determination, 29–30
- Domination, 56–57, 69, 72, 100, 299
- Eighteenth Brumaire of Louis Bonaparte*, 7
- Experts, 85, 87, 89, 119, 125, 126
and authority, 217–222
and exploitation, 76–77
and gender, 198
operationalization, 152–153
and sector, 202
size of, 196
and state employment, 203, 206–207
(See also, professionals; new class; middle class)

- Exploitation, 36, 64–82
 and class structure, 36–37,
 66–67, 82–86
 definition, 36, 65, 74
 and domination, 56–57
 game theory specification, 67–71
 and inequality, 36, 66
 labour transfer specification, 65–67
 and market relations, 66–67,
 107–108
 and middle classes, 86–92
 needs exploitation, 100
 non-asset exploitation, 96–98
 and objective interests, 36
 and oppression, 73–77
 property rights, 67, 77, 80–81
 Roemer's conceptualization of,
 64–73
 status exploitation, 69, 71, 79
 (See also, organization assets; skill
 assets)
